For Non-Fiddle-Playing Musicians:

While we don't discourage memberships, in fairness to folks considering joining *Fiddlers of the Genesee*, if you play an instrument *other than* the fiddle (violin), please be advised that the FOG Board-of-Directors, in compliance with the FOG Policies, **reserves the right to restrict the number of certain instruments** in order to achieve and maintain a desired sound balance with the fiddle playing the dominant role in all FOG jams and performances.

Please see any FOG Board Member with any questions you may have regarding specific restrictions. Current copies of the official FOG Policies as well as the FOG By-laws can be found on the club's website:
